

Jim McLachlan & Son
Roofing Contractors Ltd.

ENVIRONMENTAL POLICY STATEMENT

Jim McLachlan & Son Roofing Contractors Ltd. has a mission to create and maintain a working environment that is safe for our employees, the communities in which we work, and the earth on which we live.

The individual parts we play in our communities and on our jobs are critical to preserving these resources for our future and that of our children. It is the responsibility of every employee to incorporate the practices of informed stewardship in daily life. Waste, whether produced in construction, the manufacturing plant, office or home, represents environmental and economic inefficiency. Accordingly we should strive to **REDUCE** our consumption of resources to levels that are reasonably needed and sustainable. We should **REUSE** those assets where practicable. Finally we should dispose of resources intelligently, **RECYCLING** those that can be utilised economically in a different form. We must recognise however that recycling is not without costs and that some recycling processes with consume more resource than they save.

Jim McLachlan & Son Roofing Contractors Ltd. will continually strive for Environmental excellence and have in place a framework for ensuring targets that are set are achieved. Jim McLachlan & Son Roofing Contractors Ltd. will through consultation and training ensure its operatives are able to ensure Environmental impact is minimal.

Jim McLachlan has overall responsibility for the implementation and control of the policy. Jim McLachlan & Son Roofing Contractors Ltd. will ensure that financial constraints will not affect the success and development of the policy. Jim McLachlan & Son Roofing Contractors Ltd. will see continued improvement through training and communication. This will be covered during monthly toolbox talks and as such operatives will be briefed on Environmental updates from our clients and information provided through NetRegs.

Each Jim McLachlan & Son Roofing Contractors Ltd. operative has a responsibility to ensure the policy is adhered to with strict governance however each Senior Team Leader has overall control for his own site. This will be monitored during site visits by Team Managers.

We all deserve clean air, safe water and adequate resources. As environmental stewards Jim McLachlan & Son Roofing Contractors Ltd. support this mission.

Jim McLachlan
(Managing Director)
